Tungsten Carbide 4 Edge Flat Bottom End Mill For Steel CNC Machining Center

Basic Information

K

• Place of Origin: China Brand Name: KM Model Number: KM-550 Minimum Order Quantity: 50

• Price: US \$2.50-60.00 / Piece

Packaging Details: 1pc in a plastic tube and all in carton box

• Delivery Time: 7-14work days • Payment Terms: T/T, MoneyGram 10000pcs/month • Supply Ability:

Product Specification

Material: Tungsten Steel

• Type: Cylindrical Milling Cutter

. Coating: Nano-coating

• Size: Standard Size Or As Your Request

50-150mm Tool Length: • Flutes Number:

• Highlight: Tungsten Carbide Flat Bottom End Mill,

4 Edge Flat Bottom End Mill

	D20*70*20D*150*4T	20	70	20	150

Applicable Scope

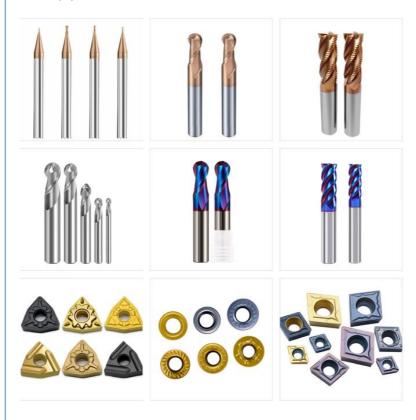

Applicable Models : CNC , Machining Center , Engraving Machine , High-speed Machine, etc.

Notice:

- 1. Appropriately reducing the cutting speed and feed speed can extend the service life of the milling cutter.
- $2. \ \ \text{Cutting fluid needs to be added to protect the cutting edge during work to make cutting smoother}.$
- 3. The shorter the tool extends out of the chuck, the better. If it extends too long, please reduce the rotation speed or feed speed yourself.

Product display

Company Introduction

Dongguan Kunming Electronic Technology Co., Ltd. focusing on the production and sale of CNC tools. The company manages a wide range of cutting tools, which are mainly used in mold processing, automotive parts processing, IT industry, graphite processing, shippingand machinery industries. Since the establishment of the company, We have been maximizing the interests of customers as its own responsibility, and customers

to maintain close cooperation and smooth communication, and on this basis, constantly optimize innovative product categories, and continue to provide partners with stable, high-quality and competitive cutting tools.

Product Contents

Standard mold tools, stainless steel tools, aluminum tools, graphite tools, micro-diameter tools, T-type Tool, tungsten steel drill, rough milling cutter, tungsten steel reamer, chamfering cutter, inner R cutter, fixed point drill, taper cutter Customized with all kinds of non-standard tools.

FAQ 1. Can the price be reduced for large quantities? Yes, bigger quantity orders are cheaper. 2. What is the lead time for mass production? Honestly, it depends on the order quantity and the season you place your order. 3. Can you send the product to our forwarder in China? Yes, if you have a forwarder in China, we are happy to send the product to them. 4. Can you produce special carbide tools? Of course, we will produce according to your drawings and samples. 5. How to buy tools from you? send us a inquiry sheet or messaget, we would arrange sale to reply you in short time. 6. What's the payment item? We do 100% T/T in advance for small order, if you are in huge value order, we would discuss on the basis of mutual aggreement.
