

High Hardness Perforating Steel Drill Bit High Strength Carbide Twist Drill Bits

Our Product Introduction

for more products please visit us on cutter-milling.com

Basic Information

- Place of Origin: China
- Brand Name: KM
- Minimum Order Quantity: 50
- Price: US\$12.00-80.00 / Piece
- Packaging Details: 1pc in a plastic tube and all in carton box
- Delivery Time: 7-14 work days
- Payment Terms: T/T, MoneyGram
- Supply Ability: 10000pcs/month

Product Specification

- Surface Treatment: Titanium Coating
- Material: HSS
- Model NO.: Drill Bit
- Type: Twist Drill Bit
- Size Customized: Acceptable
- Usage: Wood Drilling, PCB Drilling, Metal Drilling
- Application: CNC Drilling Machine/Machining Center
- Highlight: **Perforating Steel Drill Bit,
High Hardness Steel Drill Bit,
High Strength Carbide Twist Drill Bits**

Product Description

High Hardness Perforating Steel Carbide High Strength Drill Bit

Product Description

Features:

Material: High-Speed Steel (HSS)

Finish: Black oxide for increased durability and corrosion resistance

Design: Fully ground for precision and accurate drilling

Length: Jobber length for versatile applications

Point Angle: 118° point angle for general-purpose drilling

Benefits:

Enhanced Durability: Black oxide finish extends the life of the drill bit by providing superior corrosion resistance

Precision Drilling: Fully ground design ensures accurate and clean holes

Heat Resistance: HSS material maintains hardness at high temperatures for efficient drilling

Versatile Use: Suitable for drilling in metal, wood, plastics, and other materials

Reduced Friction: Black oxide finish reduces friction and heat buildup during drilling

Product Parameters

Product Name:	Titanium plated straight shank twist drill	Material:	HSS
Properties:	High hardness, high temperature wear resistance, good chip removal, precise positioning, high drilling accuracy and long service life		
Scope of application:	Cast iron, steel parts, mold steel, stainless steel, titanium alloy, high-strength steel, etc.

Company Introduction

Dongguan Kunming Electronic Technology Co., Ltd. focusing on the production and sale of CNC tools. The company manages a wide range of cutting tools, which are mainly used in mold processing, automotive parts processing, IT industry, graphite processing, shipping and machinery industries. Since the establishment of the company, We have been maximizing the interests of customers as its own responsibility, and customers to maintain close cooperation and smooth communication, and on this basis, constantly optimize innovative product categories, and continue to provide partners with stable, high-quality and competitive cutting tools.

Product Contents

Standard mold tools, stainless steel tools, aluminum tools, graphite tools, micro-diameter tools, T-type Tool, tungsten steel drill, rough milling cutter, tungsten steel reamer, chamfering cutter, inner R cutter, fixed point drill, taper cutter Customized with all kinds of non-standard tools.

FAQ

1. Can the price be reduced for large quantities?

Yes, bigger quantity orders are cheaper.

2. What is the lead time for mass production?

Honestly, it depends on the order quantity and the season you place your order.

3. Can you send the product to our forwarder in China?

Yes, if you have a forwarder in China, we are happy to send the product to them.

4. Can you produce special carbide tools?

Of course, we will produce according to your drawings and samples.

5. How to buy tools from you?

send us a inquiry sheet or messaget, we would arrange sale to reply you in short time.

6. What's the payment item?

We do 100% T/T in advance for small order, if you are in huge value order, we would discuss on the basis of mutual aggreement.
