

## Woodworking CNC Carbide Cutter Extrusion Tap 6.35mm Shank Diameter for Cutting

Our Product Introduction

for more products please visit us on [cutter-milling.com](http://cutter-milling.com)

### Basic Information

- Place of Origin: China
- Brand Name: KM
- Model Number: M1-M16

### Product Specification

- Product Shank Type: Hex Shank
- Coating: TIN
- Product Type: Tap
- Application: Motorize
- Product Thread Type: Metric
- Product Shank Length: 22mm
- Size Customized: Acceptable
- Product Shank Diameter: 6.35mm
- Type: Cutting Tool
- Product Coating: Titanium Nitride
- Material: HSS-E
- Product Cutting Direction: Forward
- Product Flute Type: Spiral Flute
- Surface Finishing: Tin Coating/Without Coating
- Product Application: Metalworking, Woodworking, Plastic
