

Tungsten Carbide Spiral Reamer H7 H8 100mm 150mm Extended

Our Product Introduction

for more products please visit us on cutter-milling.com

Basic Information

- Minimum Order Quantity: 20
- Price: 1

Product Specification

- Material: Cemented Carbide
- Usage Mode: Machine Reamer
- Model NO.: KM-
- HRC: 45/55/60/65HRC
- Processing Type: Metal Cutting Tools
- Precision: High Precision
- Suitable For: Cast Iron. Carbon Steel. Mould Steel
- Usage: High Speed Cutting
- Application: Hole Processing
- Customized Support: OEM, ODM
- MOQ: 10 Pcs
- Production Capacity: 5000000 pieces / Year
- Transport Package: Plastic Box
- HS Code: 8207709000
- Product Name: Carbide Spiral Flute Reamer Tools

Product Description

Tungsten Steel Spiral Reamer Integral Hard Alloy Machine Reamer H7 H8 Extended by 100 and 150

Product Specifications

Attribute	Value
Model NO.	KM-
Usage Mode	Machine Reamer
Material	Cemented Carbide
Transport Package	Plastic Box
Trademark	KM
Origin	Dongguang
HS Code	8207709000
Production Capacity	5000000 pieces/Year

Product Details

Material	Solid carbide
Model Number	Carbide reamer
Customized Support	OEM, ODM
Product Name	Carbide Spiral Flute Reamer Tools
Suitable for	Cast Iron, Carbon Steel, Mould Steel
Usage	High Speed Cutting
Application	Hole Processing
HRC	45/55/60/65HRC
Processing Type	Metal Cutting Tools
Advantages	Durable
Precision	High Precision
MOQ	10 Pcs

Manufacturer Information

Dongguan Kunming Electronic Technology Co., Ltd specializes in the production and sale of CNC tools. Our comprehensive range of cutting tools serves various industries including mold processing, automotive parts, IT, graphite processing, shipping, and machinery.

Since our establishment, we have prioritized customer satisfaction through close cooperation and continuous innovation. We maintain strict quality control to provide stable, high-performance cutting tools with competitive pricing.

Product Range

- Standard mold tools
- Stainless steel tools
- Aluminum tools
- Graphite tools

Micro-diameter tools
T-type tools
Tungsten steel drills
Rough milling cutters
Tungsten steel reamers
Chamfering cutters
Custom non-standard tools

Our factory maintains strict quality standards with skilled technicians operating advanced CNC equipment to ensure precision manufacturing of all cutting tools.
