

Tungsten Carbide Spiral Reamer 45-65HRC for High Precision Machining

Our Product Introduction

for more products please visit us on cutter-milling.com

Basic Information

- Minimum Order Quantity: 20
- Price: 1

Product Specification

- Material: Cemented Carbide
- Model NO.: KM-
- Usage Mode: Machine Reamer
- HRC: 45/55/60/65HRC
- Processing Type: Metal Cutting Tools
- Precision: High Precision
- MOQ: 10 Pcs
- Customized Support: OEM, ODM
- Suitable Materials: Cast Iron, Carbon Steel, Mould Steel
- Usage: High Speed Cutting
- Application: Hole Processing
- Advantages: Durable
- Production Capacity: 5000000pieces /Year
- Transport Package: Plastic Box
- HS Code: 8207709000

Product Description

Tungsten Steel Spiral Reamer for Precision Machining Tasks

Product Specifications

| | |
|---------------------|---------------------|
| Model NO. | KM- |
| Usage Mode | Machine Reamer |
| Material | Cemented Carbide |
| Transport Package | Plastic Box |
| Trademark | KM |
| Origin | Dongguang |
| HS Code | 8207709000 |
| Production Capacity | 5000000pecis /Yeast |

Product Details

| | |
|----------------------|--------------------------------------|
| Material | Solid carbide |
| Model Number | Carbide reamer |
| Customized Support | OEM, ODM |
| Product Name | Carbide Spiral Flute Reamer Tools |
| Material Composition | Tungsten Carbide |
| Suitable For | Cast Iron, Carbon Steel, Mould Steel |
| Usage | High Speed Cutting |
| Application | Hole Processing |
| HRC | 45/55/60/65HRC |
| Processing Type | Metal Cutting Tools |
| Advantages | Durable |
| Precision | High Precision |
| MOQ | 10 Pcs |

Manufacturer Information

Dongguan Kunming Electronic Technology Co., Ltd. specializes in the production and sale of CNC tools. Our comprehensive range of cutting tools serves various industries including mold processing, automotive parts, IT, graphite processing, shipping, and machinery.

Since our establishment, we have prioritized customer satisfaction through close cooperation and continuous innovation. We are committed to providing stable, high-quality cutting tools with competitive advantages.

Product Range

Our product line includes standard mold tools, stainless steel tools, aluminum tools, graphite tools, micro-diameter tools, T-type tools, tungsten steel drills, rough milling cutters, tungsten steel reamers, chamfering cutters, inner R cutters, fixed point drills, taper cutters, and customized non-standard tools.

Our factory maintains strict quality control with skilled technicians operating advanced machinery to ensure precision manufacturing of all tools.
