

High Speed Steel PCB Milling Cutter with Mirror Grinding Technology for D1-D20 Precision Cutting

Our Product Introduction

for more products please visit us on cutter-milling.com

Basic Information

- Minimum Order Quantity: 20
- Price: 2

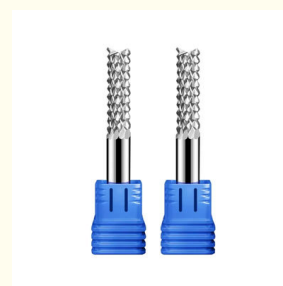

Dongguan Kunming Electronic Technology Co., Ltd. Made in China

Product Specification

- Model NO.: KM-Corn Milling Cutter
- Material: High Speed Steel
- Diameter Range: D1-D20
- Blade Technology: Mirror Grinding
- Cut Surface: Smooth, Delicate
- Non-stick: Yes
- Smokeless: Yes
- Odorless: Yes
- Silent: Yes
- Applicable Materials: Circuit Board, Bakelite, Epoxy, Metals
- Applicable Machines: Engraving Machine, CNC, PCP Gong Machine
- Diameter (D): 1-12mm
- Cutting Length (C): 7-52mm
- Shank Diameter (d): 3.175-12mm

Product Description

PCB Milling Cutter Carbide Tungsten Steel Corn Milling Cutter

Key Features

- Mirror grinding technology for superior sharpness
- Highly wear-resistant for extended tool life
- Produces smooth, delicate cut surfaces requiring no polishing
- Non-stick design prevents material buildup
- Smokeless, odorless operation with minimal noise

Compatible Materials

- Circuit boards (PCB)
- Bakelite and epoxy boards
- Various metals including gold, silver, copper, and iron

Machine Compatibility

- Engraving machines
- CNC machines
- PCP gong machines

Technical Specifications

Model	D (mm)	C (mm)	d (mm)	L (mm)
D1*7*D3.175*38	1	7	3.175	38
D1.5*8.5*D3.175*38	1.5	8.5	3.175	38
D2*10.5*D3.175*38	2	10.5	3.175	38
D2.5*10.5*D3.175*38	2.5	10.5	3.175	38

Manufacturer Profile

Dongguan Kunming Electronic Technology Co., Ltd. specializes in the production and sale of high-quality CNC cutting tools. Our product range serves diverse industries including mold processing, automotive parts manufacturing, IT components, graphite processing, shipping, and general machinery applications.

Since our establishment, we have prioritized customer satisfaction through close collaboration and continuous communication. We constantly innovate our product offerings to provide partners with stable, high-performance cutting tools at competitive prices.

Product Portfolio

- Standard mold tools and stainless steel tools
- Specialized aluminum and graphite tools
- Micro-diameter tools and T-type tools
- Tungsten steel drills and rough milling cutters
- Tungsten steel reamers and chamfering cutters
- Inner R cutters and fixed point drills
- Taper cutters and custom non-standard tools

Production Facility

Our factory environment maintains strict quality standards with skilled technicians performing precision operations to ensure every PCB milling cutter meets exact specifications.
