

High Speed Steel Corn Milling Cutter with Mirror Grinding Technology for Smooth Cut Surface and Non-Stick Performance

Our Product Introduction

for more products please visit us on cutter-milling.com

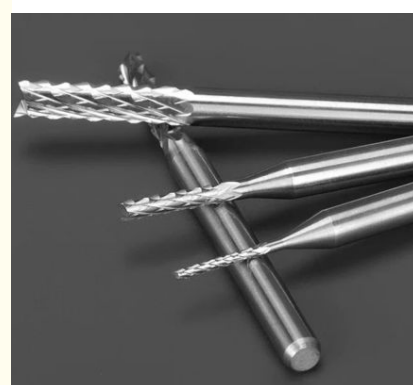

Basic Information

- Minimum Order Quantity: 20
- Price: 2

Product Specification

- Model Number: KM-Corn Milling Cutter
- Material: High Speed Steel
- Diameter Range: D1-D20
- Blade Technology: Mirror Grinding
- Cut Surface: Smooth And Delicate
- Non-stick: Yes
- Smokeless: Yes
- Odorless: Yes
- Silent Operation: Yes
- Shank Diameter: 3.175mm, 4mm, 5mm, 6mm, 8mm, 10mm, 12mm
- Cutting Length: 7mm To 52mm
- Overall Length: 38mm To 100mm
- Applicable Materials: Circuit Board, Bakelite, Epoxy, Metals
- Machine Compatibility: Engraving Machine, CNC, PCP Gong Machine

Product Description

PCB Corn Alloy Tungsten Steel Carved PCB New Milling Cutter

Main Features	Applicable Materials	Applicable Machines
Mirror grinding technology Sharp, wear-resistant blade Smooth, delicate cut surface No polishing required Non-stick, smokeless, odorless, silent operation	Circuit boards Bakelite boards Epoxy boards Gold, silver, copper, iron and other metals	Engraving machines CNC machines PCP gong machines

Company Introduction

Dongguan Kunming Electronic Technology Co., Ltd. specializes in the production and sale of CNC tools. Our product range includes various cutting tools primarily used in mold processing, automotive parts manufacturing, IT industry, graphite processing, shipping, and machinery industries.

Since our establishment, we have prioritized customer satisfaction through close cooperation and continuous communication. We constantly innovate and optimize our product categories to provide partners with stable, high-quality, and competitive cutting tools.

Product Range

Our product line includes standard mold tools, stainless steel tools, aluminum tools, graphite tools, micro-diameter tools, T-type tools, tungsten steel drills, rough milling cutters, tungsten steel reamers, chamfering cutters, inner R cutters, fixed point drills, taper cutters, and customized non-standard tools.

Our factory environment and staff working in the field operation.
