

## Customized OEM ODM Corn Teeth Milling Cutter for High Speed Steel CNC Process with Different Sizes

Our Product Introduction

for more products please visit us on [cutter-milling.com](http://cutter-milling.com)

### Basic Information

- Minimum Order Quantity: 20
- Price: 2

### Product Specification

- Model NO.: KM-HRC45
- Material: High Speed Steel
- Diameter Range: D1-D20
- Hardness HRC: 45HRC
- Coating: No
- Cutting Diameter: 1-12mm
- Cutting Length: 7-52mm
- Shank Diameter: 3.175-12mm
- Overall Length: 38-100mm
- Applicable Materials: Circuit Board, Bakelite Board, Epoxy Board, Metal
- Machine Compatibility: Engraving Machine, CNC, PCP Gong Machine
- Processing Type: High Speed Processing
- Blade Technology: Mirror Grinding
- Blade Features: Sharp, Wear-resistant

Product Description

Corn Teeth Milling Cutter with Different Sizes for Wood and Fiber Glass

Product Specifications

Material	Tungsten Carbide
Coating	No
HRC	45HRC
Customized Support	OEM, ODM
Product Name	Corn Milling Cutter
Suitable for	High Speed Processing
Usage	Cutting Machine
Application	CNC Process
Type	Miling Cutter
Advantages	High Efficiency
Machine Type	CNC Miling Machine

Key Features

- Mirror grinding technology for superior finish
- Sharp, wear-resistant blades for extended tool life
- Produces smooth, delicate cut surfaces without polishing
- Non-stick design prevents material buildup
- Smokeless, odorless operation
- Quiet performance

Applicable Materials

Circuit board, bakelite board, epoxy board, gold, silver, copper, iron and other metal processing

Compatible Machines

Engraving machine, CNC, PCP gong machine, etc.

Dongguan Kunming Electronic Technology Co., Ltd. specializes in the production and sale of CNC tools. Our extensive range of cutting tools serves various industries including mold processing, automotive parts, IT, graphite processing, shipping, and machinery.

Since our establishment, we've prioritized customer satisfaction through close cooperation and continuous communication. We constantly optimize and innovate our product line to provide partners with stable, high-quality, and competitive cutting tools.

**Product Portfolio**

Standard mold tools, stainless steel tools, aluminum tools, graphite tools, micro-diameter tools, T-type tools, tungsten steel drills, rough milling cutters, tungsten steel reamers, chamfering cutters, inner R cutters, fixed point drills, taper cutters, and customized non-standard tools.

Our factory environment features skilled staff performing precision operations in the field.
